HUGE FINAL DRIVE ON MALAGA PLANNED BY INSURGENT FORCES

NATIONAL DEFENCE SCHEME DRAWN UP

GEN. CHIANG RETURNS BY AIR TO NANKING

STAGE SET FOR CONTINUATION OF DIPLOMATIC NEGOTIATIONS

(From A Special Correspondent)

Canton, To-day.
Following the return of the Central troops in Kwangtung to their own stations in the different provinces, General Chen Sheng was instructed to inspect them in the Yangtze Valley and the Northern-western provinces. Besides, the Generalissimo went to Nanchang himself from Canton by air on September 29 to ensure that the Central troops were stationed at the proper places, according to his instructions.

After finishing his inspection of the military authorities of the different provinces with regard to the scheme of national defence, General Chen went to Nanchang to make a report to the Generalissimo himself on Sunday last. Seeing that his directions have been properly carried out, the Generalissimo returned to Nanking by air yesterday and arrived there at 3 p.m. to busy himself with Central Government affairs, following his eight weeks' absence. The Generalissimo is now staying in the Central Military Academy with Madame Chiang.

It is stated in reliable circles that Mr. S. Kawagoe, the Japanese Ambassador to China, will pay a visit to the Generalissimo to-day or to-morrow, and then the Chang Chun-Kawagoe negotiations will be resumed through the proper diplomatic channels.

HOPEI-CHAHAR PROBLEMS

Sung Meets Japanese Army Officer

NO AGREEMENT CONCLUDED

(From A Special Correspondent)

Canton, To-day.
General Sung Chi-yuan, Chairman of the Hopei-Chahar Political Council, has returned to Peiping from Tientsin after discussing economic problems with Lieutenant-General Tashiro, Commander-in-Chief of the Japanese troops in North China. Interviewed, General Sung denied that he had concluded any agreement with the Japanese authorities. He added that foreign and Japanese investments would be welcomed to exploit the northern natural resources, but foreign co-operation would not be wanted. The proposed schemes that he discussed with General Tashiro were an air service between Peiping and Manchuria, the exploitation of the iron mines in Kungyen, and the construction of the Changchow-Shihchian Railway.

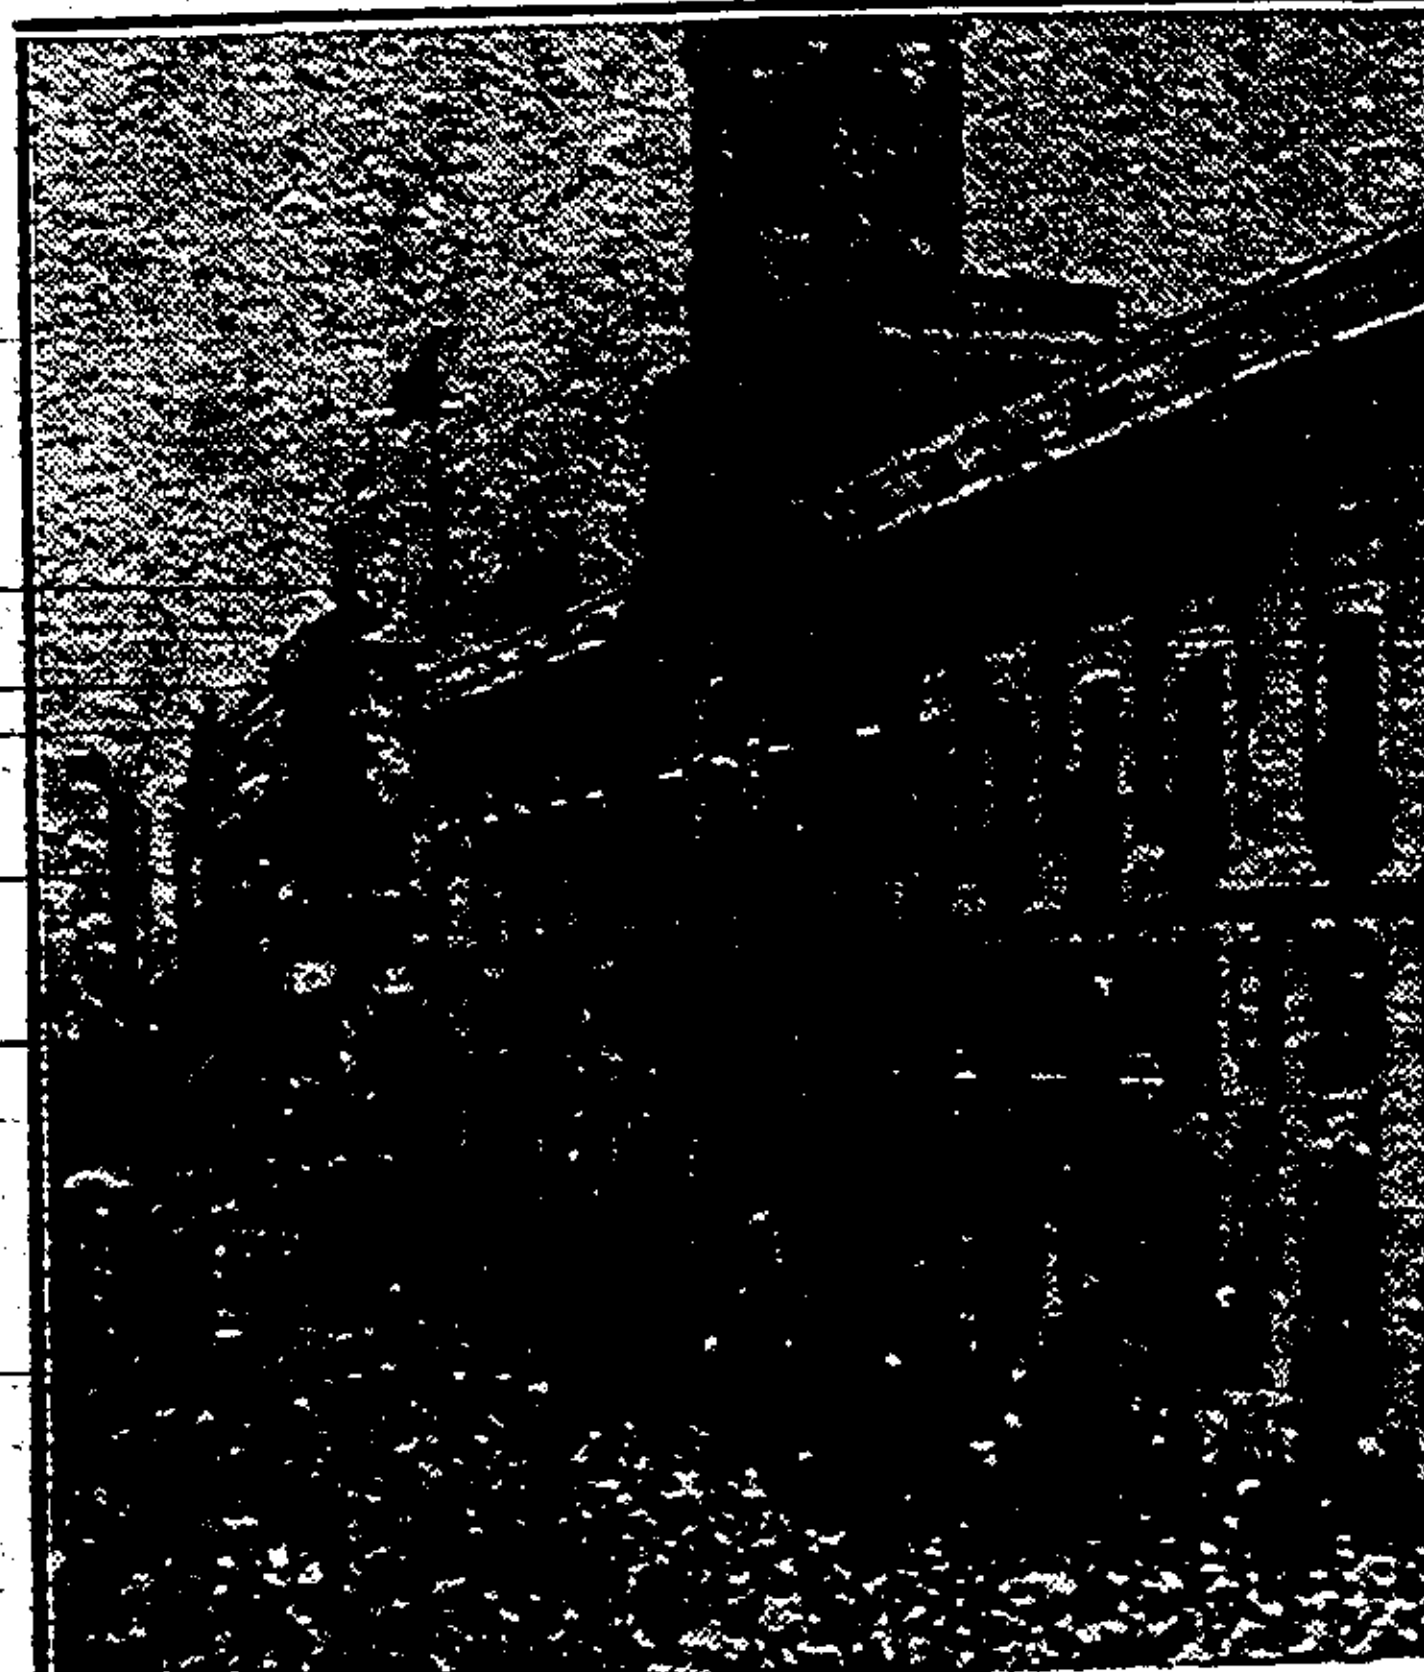

General Chen Hing-wan, Commander of the Air Force in Kwangtung, has been instructed to interview the Generalissimo by General Yu Hon-mow. General Chen flew to Nanchang yesterday, and he will proceed to Nanking to see the Generalissimo to ask for particulars of the latter's plan as to make Canton the second Air Force training sphere, as announced by the Military Affairs Commission.

U. S. PRESIDENTIAL ELECTION

Borah Not To Support Landon

Boise, Idaho, To-day.

Senator Borah has announced that he is withholding his support from Governor Alfred A. Landon, owing to the latter's declared support of the gold standard. Senator Borah is not taking any active part in the Presidential election campaign.—Reuter.

Loyalist troops, returning to Madrid for a rest between attacks on rebel armies from the north and south close in on Spain's capital city, face an early return to the lines with the speeding up of the Fascist drive. Our photo shows Colonel Mangada's regiment of veterans, a unit that played an important part in stemming the rebel advance through the Guadarrama mountains last month, receiving the accolade of a tumultuous populace in the Madrid streets.

JEAN BATTEN GOING STRONG

Brindisi, To-day.—The New Zealand aviator, Miss Jean Batten, who is engaged on a flight from England to New Zealand in which she hopes to break the England-to-Australia record, arrived yesterday, and is leaving this morning for Cyprus.—Reuter's Bulletin Service.

STOKES OUT!

Early Success For Colony Cricketers

INTERPORT MATCH

Shanghai, To-day.

The interport cricket match between Shanghai and Hong Kong opened here to-day in cloudy weather.

Shanghai won the toss and elected to bat on a fast wicket, but met with early disaster, L. F. Stokes, their best batsman, being caught behind the stumps by W. H. Colledge off Capt. D. W. Perse with only a single on the board.

After half-an-hour's play Shanghai had scored only 6 runs, H. A. Sevenoaks and M. J. Divocha being 2 not out and 4 not out respectively.—Reuter.

97 FOR 4 AT LUNCH

Later: Lunch was taken at 1.45 p.m. at which period Shanghai were 97 for 4.—Reuter.

Later: The morning's play was very dull, 71 runs being scored in 120 minutes. Of the first 12 overs, eight were maidens. Hong Kong's fielding, especially that of Alec Pearce, was brilliant.—Reuter.

Scores:

SHANGHAI—1st Innings	
E. Stokes, c. Colledge, b. Perse	0
H. A. Sevenoaks, c. Pearce, b. Lee	46
M. J. Divocha, c. Pearce, b. Minn	21
G. Chatterton, lb.w., b. Lee	1
A. J. Berson, not out	27
R. Booth, not out	0
Extras	2

Fall of the wickets: 1 (Stokes) for 1; 2 (Divocha) for 52; 3 (Chatterton) for 59; 4 (Sevenoaks) for 88.	

in the streets and in the charge room and had been a considerable nuisance.

Defendant was bound over in a bond of \$100 to be of good behaviour for one year.

DEVALUATION IN ITALY

Forced Loan For Landowners

NO INCREASE ALLOWED IN PRICES

Rome, To-day.

The gold content of the lira has been fixed at 4.677 ounces per lire, compared with 7.91. The gold reserve of the Bank of Italy will be revalued on the new basis, the new parity differences being credited to the Treasury. Landowners will be called upon to subscribe at the rate of 5 per cent. of the net value of their property towards a new 5 per cent. loan which is being issued as an offset to devaluation.

Rents may not be increased during the next two years, nor the price of gas and electricity and public and private transport. Severe penalties await those who contravene these measures and also strict measures are being taken to control the cost of foodstuffs and the necessities of life.

NO CHANGE IN POLAND.

Warsaw: The Government sees no necessity to modify Poland's monetary policy, it was officially announced yesterday after a Cabinet meeting.—Reuter.

SERIOUS ISSUES RAISED BY EAST-END RIOTS

NEW LEGISLATION PLANNED BY THE GOVERNMENT

London, To-day.
The magistrates dealt with about 100 cases in connection with Sunday's East-end disturbances. The majority of the accused were charged with obstructing the police or with using insulting language, and were mostly let off with small fines.

Meanwhile the Government is seriously considering the issues raised, and it is believed that action may be taken in connection with demonstrations regarded as provocative, which would require legislation. The opinion is generally held that the Police did the right thing in banning the Fascist march, in view of the ugly situation arising, but at the same time it is emphasised that the law which permits free speech could not be carried out on Sunday.—Reuter's Bulletin Service.

SHIPS CONCENTRATE AT CADIZ

MOORISH TROOPS BEING BROUGHT OVER

RIFFIAN SHARPSHOOTERS TO AID ADVANCE GUARD

Gibraltar, To-day.

The intense activity reported in the naval yards at Cadiz is regarded as a prelude to a combined land, sea and air attack by the insurgents on Malaga, which, according to the insurgent headquarters at Seville, will be launched either to-morrow or on Friday. The leading units of the insurgent fleet are concentrating at Cadiz, where anti-aircraft guns are being mounted on the cruisers Canarias, Republica and Almirante Cervera.

It is estimated that during the past 12 days 16,000 troops, including Riffian sharpshooters, have been landed at Cadiz. Jerez and Algeiras from various Moroccan towns, in addition to troop movements by sea. Riffians are being brought over by air at the rate of 70 an hour.

It is understood that 5,000 Moors, headed by Riffian sharpshooters, will form the advance guard in the series of attacks on Malaga, while the rear guard will consist of Foreign Legion troops and levies of Fascist volunteers.—Reuter.

London: The Labour Party Conference at Edinburgh yesterday passed by 1,838,000 votes to 519,000 a resolution supporting the policy of non-intervention in the Spanish civil war. Mr. Arthur Greenwood reminded the delegates that the policy was one for which the Socialist head of the Popular Front Government in France, M. Leon Blum, admitted responsibility. The initiative came from M. Blum's Government and received the support of Soviet Russia. It had become the united opinion of Europe, Socialist and non-Socialist, said Mr. Greenwood, that non-intervention was the real way out of a very grave and serious situation.—British Wireless Service.

DEVIL'S ISLAND HORRORS

Sufferings Undergone By Five Men

Port of Spain, To-day.

A brief respite from the horrors of Devil's Island were dearly purchased by five men found starving and exhausted on the beach at Trinidad. They comprised two Frenchmen convicted of murder, an Italian charged with opium dealing, and a Belgian and a Corsican, both sentenced for forgery.

They had been 12 days in an open canoe, drenched for a week by an unceasing tropical downpour. After that they encountered hurricanes and scorching sun. Their meagre food supplies were washed overboard in the first week.

They have been handed over to Salvation Army officials, pending deportation.—Reuter.

The body was discovered by a Chinese constable who received information from residents in the vicinity of the house. The address at which the deceased was found was his home, where he had resided by himself for several years.

Deceased, who was formerly a naval architect, had carried on business as an architect and surveyor for several years past. He leaves, in addition to his wife, two sons, Mr. Chris Pile, who is on his way home and is a member of the Hong Kong Police, and Mr. T. Pile, of the Prisons Department, and a daughter, Mrs. A. C. Tinson, with whom much sympathy will be felt.

TRAGEDY AT POLICE TRAINING SCHOOL

A tragedy occurred at the Police Training School shortly after 10 o'clock this morning, when Chinese Constable No. C54 shot himself fatally with his own revolver.

NAVAL EXERCISES

Mariners are warned not to approach within 1 1/4 miles of His Majesty's vessels, which will carry out trials on Saturday, October 10, in the vicinity of Sharp Peak.

SECRET "CARGO" UNLOADED

CUSTOMS CRUISER ARRIVES

NO CONFIRMATION OF RUMOURS

The greatest secrecy is being maintained regarding the activities of the Chinese Customs cruiser Hoi Hsing, which arrived from the North this morning and tied up at the Douglas Pier.

A China Mail representative went on board the cruiser but was told by the First Officer that no information could be given away, and if an interview was wanted the best place to get it was at the Customs office.

On calling at the office, however, our representative found that the Commissioner, Mr. H. A. Forbes, was not in, but that he could be found on the telephone. In the resultant conversation with the China Mail, Mr. Forbes said: "I am sorry I cannot say anything."

CONFISCATED SILVER?

The wharf presented a busy scene, with a Douglas liner on one side and the cruiser on the other. Large cases were being unloaded from the cruiser, and from an outside source it was learnt that the cargo was confiscated bullion. The fact, however, that only two coolies were required to carry one of these cases rather led one to believe that the "cargo" was not silver, but perhaps some other contraband goods, such as opium.

From one source it was learned that the cruiser arrived from Shanghai, while there was also a rumour that she had come from either Swatow or Amoy.

500 CASES OF SILVER

Later: It is learned that the cruiser, which arrived from Shanghai at about 9 a.m. to-day, has a cargo of 500 cases of silver, which is at present being unloaded for distribution between the Bank of Communications and the Bank of China.

The European officials on board the cruiser refused to make any statements. They said they were under strict orders not to mention anything about the cargo. The above information was, however, obtained from another source. It was further stated that of the 500 cases, 300 will be deposited in the Bank of Communications and the remainder in the Bank of China. Bank officials would not confirm this arrangement, but stated that the lesser portion of the cargo was destined for the Bank of China.

ARMY ALLOWED THREE TEAMS IN JUNIOR CRICKET LEAGUE

CAMBRIDGE SOCCER HOPES

GAME MORE POPULAR NOW THAN BEFORE
FIVE OLD BLUES IN RESIDENCE

(By "The Twelfth Man")

London, September 8.

ASSOCIATION football is now much more popular at Cambridge than it was a few years ago. The standard of play is also better, and there is every reason to suppose that this season the Light Blues will have a most useful side.

The improvement in the standard of play is attributed to the fact that the field of selection now takes in players from secondary schools. At one time University teams were picked almost exclusively from the seven or eight big Soccer schools. Five old Blues will be in residence this year, and no one comes from the big Soccer schools. Actually no fewer than four are from Lancashire. A. H. Woolcock will skipper the side from goal. He has a wide knowledge of the game and shows that enthusiasm for Soccer which should make him the perfect captain. D. E. A. Pettitt, the secretary, was chosen for the British Olympic team, but did not play.

INTER-SECTION HOCKEY K.I.T.C. AND Y.M.C.A. TO CLASH

ONE GAME POSTPONED

(By "STICKS")

One of the most interesting hockey tournaments ever arranged under the auspices of the Hong Kong Hockey Association will commence this afternoon, when the First Round of the Inter-Section-Tourney for Civilian teams will be held. There were originally three matches arranged for this evening, but one of these, between the Police "A" and the Union Hockey Club, has been postponed until Thursday evening, on the Y.M.C.A. ground.

(Continued on Page 5)

The Draw

The following is the draw with the grounds in brackets:

TODAY
K.I.T.C. v E.Y.M.C.A.
(P.T.S., 5.15 p.m.)
Nomads v Police "B"

THURSDAY
Police "A" v Union Hockey Club
(Y.M.C.A., 5.15 p.m.)
H.K.H. Club v Recreation
(Radio-Caroline Hill, 5.15 p.m.)
Radio S.C. v Argonauts
(K.I.T.C. Marina, 5.15 p.m.)

The final of the Civilian's Section will be played on Sunday, October 25, at 10 a.m. (provisionally) on a ground to be nominated later.

TODAY'S HOCKEY

The following will represent the Kowloon Indians' Tennis Club against the European Y.M.C.A. in the Inter-Section Tournament on the Police Training School ground at 5.15 p.m. to-day: M. Ramzan; Karnail Singh (Capt.); Khushi Mohammed; J. Noronha; J. M. Pinto; Sarwan Singh; M. S. Nahi; D. Noronha; Awar Singh; Pyara Singh and A. P. Souza.

INTER-SECTION HOCKEY TOURNAMENT

The following will represent the Union XI against the Police "A" in an Inter-Section Hockey Tournament match to be played on Thursday at King's Park at 5.15 p.m.: Man Singh; P. Singh; Bhawan Singh; A. R. Kitchell; Bachan Singh; Mahan Singh; Narayan Singh; Sarwan Singh; Awar Singh; Sarwan Singh and J. S. Grewal (Capt.).

CLUB HOCKEY TEAM FOR TOMORROW

The following have been selected to play for the Hong Kong Hockey Club against Club de Reunion in a friendly match at King's Park tomorrow at 5.15 p.m.: H. P. Shields; G. Sommer; E. V. Reid; N. Whittier; W. A. Reid; R. A. Bates; L. Sturrock; S. Fowler; G. E. Divett; R. I. Bickford; V. Bond.

The other blues are all forwards, W. Howarth, centre-forward, and J. Entwistle, and S. E. Smethurst, who formed the left wing in last season's match. There are sure to be a number of freshmen coming up, but they will find the competition from the seniors for places in the side will be very keen.

Good Halves

A useful full back should be J. Allen, who shaped very well last season, while B. G. Hunt and G. D. Craig, two wing halves, have had plenty of experience with the University spread over more than one season.

At forward only the right wing has to be filled. C. P. Greenway, who, like Allen, was unfortunate last year, should be considered for outside-right, leaving D. Pearl and E. Washington to fight for the place at inside-right.

BOYS' FOOTBALL MATCH

Fusiliers Win At Shamshupo

In a friendly soccer match at Shamshupo yesterday afternoon, the Boys of the Royal Welch Fusiliers, beat the Boys of the East Lancashire Regiment by 2 goals to 1, after leading by two clear goals at the interval.

Shone and Hilden scored for the winners, while Walsh netted for the East Lancs.

Walsh, Taylor, the Fusiliers' centre-half, and Prichard, the Fusiliers' full-back, were outstanding, while Hilden, Lardner and Wheeler made a formidable forward trio.

The half-monthly meeting of the Hong Kong Football Referees' Association will be held in the office of the Hong Kong Football Association, Sports Club, on Monday, October 12, at 8 p.m.

Detroit May Make Bid For 1944 Olympic Games

Detroit is contemplating a new enterprise—the 1944 Olympic Games.

Suggesting the city bid for the classic "Detroit Olympic Games" committee is counting out the possibilities for financial backing. The other accommodations would be plentiful, says Harvey put in a bid. Associated Press.

OLYMPIC SWIMMERS IN COLONY

Dissatisfied With Results

HIGH DIVING JUDGES THOUGHT "INCOMPETENT"

The Japanese World Olympic Swimming team, comprised of 23 swimmers, 12 water-polo players, two divers and five officials, under the leadership of Mr. S. Matsuzawa, arrived in the Colony this morning by the m.v. Yasukuni Maru from Europe, and soon after the vessel had berthed, the Manager was interviewed and stated that as his swimmers and divers were very tired, they could not give an exhibition in the Colony, much as they would have liked to.

Mr. Matsuzawa said that they had performed at very nearly every port on their way home and had to have a rest before reaching Japan. The team had performed very well in the circumstances, although in his opinion the judging of the Olympic High and Springboard diving could have been better.

K.C.C. BOWLS CLOSING DAY

The closing day of the Kowloon Cricket Club Lawn Bowls Section has been fixed for Saturday, October 17. At the conclusion of the games a cocktail party will be held in the Clubhouse.

Two sailing races were held at the Royal Hong Kong Yacht Club yesterday ending in a win for Jan, with Mrs. J. Kroe-Moe at the helm, while the race for Mixed Classes resulted in a win for Dorothy (Mrs. S. D. Reid).

RAY IMPELLIERE BEATS PHIL BRUBAKER

Takes Decision Over 10 Rounds In San Francisco

San Francisco, September 28.—Smarting from the defeat given him by Tommy Loughran, exactly 11 days ago, Ray Impelliere, largest leather-pusher in the squared arena barring none, to-night decisively defeated Phil Brubaker in 10 rounds.

The young Italian-American heavyweight weighed 242 pounds, topping his opponent by 46 pounds. Brubaker, a comparative newcomer, has had a mediocre season. He won decisions from King Levinsky and Abe Feldman, lost to Jack Sharkey and drew with Andy Lenglet. Impelliere, who is half an inch taller than the 6 feet 7 inches of Carnera, lost a 10-round decision to Loughran, retired light heavyweight champion, on September 17 in Oakland.—United Press.

CHINESE OLYMPIC TEAM TO PLAY

Exhibition Game On Sunday

F. A. APPROVE SCHEME

The granting of permission to the Hong Kong Chinese Amateur Athletic Federation to arrange a football game on Sunday between available players of the All-China soccer team and the Rest of the Chinese in the Colony was the main item of importance at the monthly meeting of the Hong Kong Football Association which was held at the Sports Club under the chairmanship of Colonel H. C. Harrison yesterday evening.

Others present were Commander C. D. Arbuthnot and Mr. T. A. Mitchell, vice-presidents, Messrs. T. G. Stokes, G. She, W. Pryde, W. E. Hollands, Chan Yui-hing, C. A. Goldenberg, C. Guimam, W. A. Alexander, Chief Yeoman Jones, Com. Gr. Warren, Capt. Klum, A.E.C. Lieut. Fitz G. Douglas and Mr. A. W. Bliss, Hon. Secretary.

A letter was read from Mr. Ngon Shik-kan, chairman of the Hong Kong Chinese Amateur Athletic Federation, asking permission to play an exhibition game between the All-China soccer team and the Rest of the Chinese in the Colony on Sunday, the proceeds of which would be utilised as a birthday present for Generalissimo Chiang Kai-shek.

It was decided that permission

SEASON'S FIXTURES DRAWN UP

LAST MATCH ON MARCH 20

THE Fixtures Committee of the Hong Kong Cricket League met in the Secretary's Office, Hong Kong Cricket Club, last evening when the League fixtures for the season were arranged. Prior to this Capt. L. J. Walsh, representing the Army, told the meeting that with reference to the Army's application for three teams in the junior division of the League, the Sookumpoo ground would be available for 12 Saturdays during the season. Mr. F. Goodwin, who was in the chair, said he thought if the Army could use their ground for so many Saturdays, it would definitely help matters along and he proposed that the meeting approve the Army's application. This was second by Lt. Comdr. Barry and carried unanimously.

The meeting then proceeded with the purpose for which it was called, and below are given the League fixtures for the season:

GIANTS WIN FIFTH GAME

Yankees Now Lead Three To Two

WORLD SERIES BASEBALL

New York, To-day.

In the fifth game of the World Series baseball, the New York Giants beat the New York Yankees by 5 runs to 4, thus breaking the latter's sequence of three wins.

The scores in the fifth encounter yesterday were:

New York Giants ... 5 8 3
New York Yankees ... 4 10 1

Bill Terry's long outfield fly, scoring Moore in the tenth inning, broke the ninth inning tie, and gave the Giants the game. Moore reached third on his own two-bagger and a sacrifice by Dick Bartell.

The scene of the battle will be shifted to-morrow as the Giants will then be playing on their own ground.

The Giants were the first to score, for the first time in the present series, when they registered five hits and three runs in the first inning, a double by Bartell and singles by Ripple and Whitehead sending home Moore, Bartell and Ripple respectively. Bob Selkirk hit a home run in the second for the Yankees, but there was no one on bases. In the third inning Tony Lazzeri scored on an error by Bartell, thus making the score 3-2 in favour of the Giants.

YANKEES TIE

In the sixth Melvin Ott scored on an error by Crosetti, but the Yankees tied the score at 4-4, Selkirk getting in on Jackson's error, while a single by Lazzeri brought Powell across the plate. The Yankees missed a fine chance of breaking the tie in the ninth inning, Gehrig grounding out with the first and second bases loaded.

There was an attendance of 30,000 people, including ex-President Hoover.

Hal Schumacher pitched throughout for the Giants, recording 10 strike-outs. Ruffing started for the Yankees, but was replaced in the seventh by Malone after allowing seven hits and four runs in six innings, although he "fanned" seven batters. Malone was called the losing pitcher in the official score book.—Benter.

EARLIER RESULTS

The results of the first four matches of the present series were:

FIRST GAME
R. H. E.
Giants ... 6 9 2
Yankees ... 1 7 1

SECOND GAME
R. H. E.
Giants ... 1 11 0
Yankees ... 2 4 0

THIRD GAME
R. H. E.
Yankees ... 15 17 0
Giants ... 4 6 1

FOURTH GAME

Versatile Sportsman

K. NAZARIN, or Khass as he is popularly known, is one of the most versatile sportsmen at the Indian Recreation Club and, like so many of the Club's members, is a product of Queen's College.

Receiving his early education at the Ellis Kadoorie Indian School, Nazarin was encouraged to play cricket by the then headmaster, Mr. A. E. Sutherland, and when he went to Queen's College he secured a place in the first eleven in his first year. Nazarin played cricket for the Indian Recreation Club as a school-boy and in 1932-33 was captain of their team which won the Second Division championship. He continued playing for the second eleven until last season, when he was given a place in the first team, and this encouragement brought out the best in him with the result that he was picked for the Interport team which is now in Shanghai.

Nazarin plays baseball for the Eastern Baseball Club and is regarded as one of their best fielders. He also plays soccer and an odd game of hockey, but after cricket he is best known for his swimming, having figured with considerable success at the Victoria Recreation Club.

In the winter Nazarin does a lot of hiking and always makes a point of going for a long tramp on Sundays and holidays, when not engaged playing cricket.

GERMANY'S SOCCER TEAM WINS

Defeats Czechoslovakia In Close Game

Prague, September 27.

The German national football team to-day beat a Czechoslovakian team by 2-1 at the Prague stadium before a crowd of 45,000, amongst whom were 15,000 Germans from the Reich and the Sudetes. The score at half time was 1-0 in favour of Czechoslovakia. Shortly after the second half began the German right wing Elbern scored the equalizing goal and a quarter of an hour before the final whistle the German centre forward Siffing shot the winning goal.—Trans-Ocean Kuo Min.

MISS KAY STAMMERS HAS NARROW ESCAPE

BETTER SEATS AT THE OVAL

PLEASANTER PLACE TO WATCH CRICKET

RECONSTRUCTION WILL BE SLOW PROCESS

(By "The Twelfth Man")

London, September 8.

THE plans of the Surrey County Cricket Club to bring the accommodation at the Oval for the shilling spectator, the financial backbone of the game, up to date, have taken definite shape.

There is every possibility, I gather, that the first steps to bring the terraces which surround the Oval up to the boundary of the grass arena will be made this winter. The Oval authorities are said to contemplate making a start in this welcome and ambitious reconstruction by bringing the terraces at the Vauxhall end level with the stands, which are already flush with the turf.

This means that two or three thousand people would next summer get a first-class view of the play from the boundary edge without any obstruction from the crowd which now passes in front of all the terraces at the Oval.

HARVEY-LEWIS FIGHT

NO DATE HAS YET BEEN FIXED

BOARD'S SANCTION FOR WORLD TITLE BOUT

The British Boxing Board of Control has informed the Wembley authorities that it will recognise the proposed fight between Len Harvey and John Henry Lewis, the American holder of the title, as for the world's light-heavyweight championship.

Final arrangements for the contest have been almost completed, but no date has yet been fixed.

"We must wait for approval by cable from Lewis as regards the terms," it was stated at Wembley Stadium yesterday. "What Lewis asked for was so very near what we were prepared to give that there is not likely to be any argument. The date of the fight will depend upon when Lewis can leave the United States."

Consent Cabled

Intimation of the board's consent to the fight for the world title has been cabled to Charlie Harvey, the American manager for Wembley.

Harvey does not hold the British light-heavyweight championship. Following his refusal to accept the share of the purse offered him to defend the title against Phillips in 1934 the Board declared it vacant. Phillips is now champion.

John Henry Lewis won the world's championship last year, and successfully defended it last March in New York against Jack McAuliffe, the British middleweight title-holder.

INDOOR CRICKET SCHOOLS

LATEST DEVELOPMENT VERY POPULAR

(By "LEIGHTON")

London, September 24.

Indoor schools for cricket are increasingly popular in winter-time at home. The latest development, introduced by Mr. J. H. Thompson at his practice wicket at Watford, is an automatic bowler.

Worked on the catapult principle, it can bowl any type of ball desired for hours on end. It does not spin the ball but in every other respect it is ideal. Pace can be varied from Farnes, or faster, to Robins, or slower, and the "bowler" has the ability to swing the ball late. Flight, too, can be varied at will.

Mr. Thompson himself had considerable coaching experience with the late G. A. Faulkner.

Both English and Australian bowlers will no doubt sigh for such a machine when the bats-

This is just the start of a scheme which would completely change the face of the Oval as we have known it for generations. When the reconstruction is complete, there will be no passage round the Oval between the turf and the terraces, as at present. Everyone will pass behind the terraces, which, with the stands, will provide an unbroken boundary line.

This should make the Oval a much pleasanter place at which to watch cricket than it is at present, and the gain of the shilling spectator will be immense.

A Gradual Process

But too much must not be expected right away. The reconstruction may be a slow process and entirely dependent upon the finances of the Surrey Club.

In this connection it is interesting to reflect that the fine weather which reached Britain in mid-August sent big crowds to the cricket grounds, including the Oval. I should not be surprised to find that Surrey, who at one time looked in for a heavy deficit, not so very much down after all.

INTER-SECTION HOCKEY

(Continued from Page 2)

The most interesting match today is the clash between the Kowloon Indians' Tennis Club and the European Y.M.C.A., which will be played on the Police Training School ground at Shamshuipo.

Strong Side

The Y.M.C.A. are hoping to field a fairly strong team and there is every likelihood that D. McLellan, their former pivot, will turn out in the pivot position.

The K.I.T.C. have several interesting changes. J. M. Pinto, who formerly played at inside-left, will be seen at centre-half, in which position he recently gave a magnificent exhibition.

Awtar Singh will lead the attack with Pyara Singh, a newcomer, at inside-right, while P. Pinto, younger brother of "J. M." will be seen on the left-wing, partnering A. P. Souza.

The Kowloon Indians have ground advantage as they are more used to playing on a sand surface like the P.T.S. ground, which is one of the most bumpy in the Colony.

The Y.M.C.A. have, however, given several creditable displays on sand surface grounds and, although not expected to win, should give the Indians a good run for their money.

The other game this evening is between the Nomads and the Police "B", the latter being comprised mostly of Indians, or the remnants of last year's Police "B" team.

The Nomads are fairly strong and should carry the day, providing the Reed brothers are on form.

men are running up colossal scores on those too true wickets "down under" during the next few months.

Frank Pritchard of Buffalo, New York, won first place money and the mythical title of world champion swimmer by winning the marathon swim in the frigid waters of Lake Ontario at Toronto, Canada. He set a new record of 2 hours 7 minutes and 9 seconds for the five-mile swim.

CHANGE IN TENNIS PROGRAMME

Shanghai Team Delayed

Owing to the fact that the R.M.S. Empress of Japan will not be in port until 7 a.m. on Saturday, it has been found necessary to amend the programme of the Shanghai Country Club tennis team during their unofficial visit to the Colony this week.

It was originally decided that the visitors should engage a representative Hong Kong team at the Chinese R.C. on Friday and Saturday, and a representative Kowloon team at the Kowloon C.C. on Sunday and Monday. This arrangement has been slightly altered. The visitors will now play Hong Kong on Saturday and Tuesday, and Kowloon on Sunday and Monday, according to the original arrangement.

The subscription dinner arranged in honour of the visitors will take place on Thursday, October 15, at 8 p.m.

HARD FIGHT WITH MISS BABCOCK

LINESMAN'S MANY ERRORS

SEVERE TEST OF STAMINA

(By A. Wallis Meyer)

London, September 10.

MISS Stammers reached the semi-final of the American women's singles championship, after a perilously close fight with Miss Caroline Babcock. The score was 7-5, 3-6, 6-4. It was a hot day and the match was the first on the card when the sun was highest in the heavens. The severest test was imposed on stamina and Miss Stammers deserves the highest praise for weathering the ordeal against an opponent with more physical reserves.

But the English girl was lucky in the tortuous final set, for after leading 4-0 and 5-3 she was within a stroke of being caught and owed one valuable point in the vital tenth game to Miss Babcock's magnanimity. Miss Stammers was serving, and the service linesman had made three gregarious blunders, one of which was so obvious that the umpire made a correction and called "fault" off his own bat.

Then came another uncalled "fault" and off it Miss Babcock made a return which Miss Stammers, thinking her service invalid, did not attempt to return. Miss Babcock then "threw" the next point as an act of courtesy to the invader. This concession made Miss Stammers' defence and she managed to scramble the next two points for the match.

The linesmen at Forest Hills are conscientious and well drilled and are usually accurate. One can only assume that this official, like the players, was affected by the heat. The first set was ding-dong for 12 games, each player dropping one service.

Close First Set

Here again Miss Stammers was a trifle fortunate, for she hit a smash on wood to give her a 6-5 lead and every point had a bearing on the set so level were the adversaries.

Nor had Miss Babcock played her best. Her fast first service was falling out of court; her forehand was often too gay, and she did not once employ the drop, even when Miss Stammers was behind the baseline. These limitations helped Miss Stammers, she advanced serenely to 3-1 in the second set, often hammering Miss Babcock's soft second service for a winner.

Then came a bad slump and many British errors, some, no doubt, induced by exhaustion. Miss Babcock took five successive games and the set at 5-3. At one stage she won 12 points in sequence and only the last game went to duce.

Miss Babcock's Rally

Both girls staggered out of the arena for 10 minutes' rest, and when they resumed Miss Babcock still appeared dazed and listless. Without any strain, and merely by keeping the ball in play, Miss Stammers went to four love. The match seemed over, and so it might have been, if Miss Stammers' disposition to shed long leads had not coincided with a surge of new energy to Miss Babcock.

The American won the fifth game to love on her service, took sixth from 30, and lost the seventh after leading 40-15. Then, fighting grimly, she carried the eight by fine volleying, and the ninth as well on her service after losing the first two points.

I have described the vital tenth game, and if Miss Stammers was fortunate to win it, at least her two fast shots were clean winners, showing no trace of nervousness.

The following was the result of the Qualifying Round of the Captain's Cup competition at the Kowloon Golf Club, held over last week-end.

Other scores were P. C. Barry (84-11-73) and W. Taylor (77-4-73).

OLYMPIC SWIMMERS IN COLONY

(Continued from Page 2)

"It was also the opinion of several well-known competent officials that the judges of the High Diving were incompetent, and that Shyhabara, Japan's first string diver, should have taken third place.

"There were several sensational upsets and among these the result of the 100 Metres free-style provided the biggest. Calk, of Hungary, won while we took second and third places. Among the swimmers swimming in the final, Calk, Peter Pick, (U.S.), and W. Fischer, (U.S.), were among the most powerful swimmers that I have ever seen, but the latter two failed to obtain places among the first four!

SWIMMING IN ENGLAND

"We expected to win the 400 Metres free-style, and this provided the second upset, while we knew that we had little or no chance of winning the 100 Metres back-stroke, but expected to take second place with Kiyokawa, but here again we only secured third."

Asked about the standard of swimming in England, Mr. Matsuzawa stated that the country had shown "tremendous improvements" all round. Among its outstanding swimmers were J. F. Leivers, who was placed sixth in the Olympic 400 Metres and who fully extended his swimmers at the British Empire Pool, and Norman Wainwright, holder of several British Native records.

Mr. Matsuzawa said he was most impressed with the English divers, among whom C. D. Tomalin was exceptionally good.

SINGAPORE SHOCK

"Our Olympic water-polo team were given the biggest shock in their four when they lost to the Singapore Y.M.C.A. by 9 goals to 6 in a very fast match. We played in the Y.M.C.A. pool at Fort Canning, which is 40 yards long, by 35 feet. The positioning of the "Y" team was extraordinarily good, but our men were handicapped by the narrowness of the pool, the course being on the small size. The Japanese Olympic swimmers were also pitted against several of the outstanding Chinese swimmers, but held their own in all events," he concluded.

The Olympic team and officials will spend to-day, eight seeing and shopping, while some of them may have a work-out in the European Y.M.C.A. swimming pool, which has been placed at their disposal.

The following was the result of the Qualifying Round of the Captain's Cup competition at the Kowloon Golf Club, held over last week-end.

Foolish Meddling By The T.U.C.

Discretion might well have counselled those who composed the recent Report of the General Council of the Trades Union Congress to omit certain passages relating to foreign Governments which they both dislike and fear. Their generous relief of the refugees who went to England in 1933 and their sympathy with their comrades who are still under the harrow will be applauded. But if they are concerned to maintain good relations with the Governments of the authoritarian States it is surely the height of unwisdom to make public the fact that they are in rapport with the "underground activities" in Germany and Austria which are working for the overthrow of the Dictatorships. These "underground activities" are described in the report as one of the most important phases of the struggle against Nazism. We are told that a joint committee of the International Federation of Trade Unions and International Secretariat representatives meet at intervals to consider the work which is secretly being carried on. Yet, while recognising the necessity to be "exceedingly reticent," lest their comrades should suffer, they cannot repress the foolish boast that "time will prove that these activities have contributed to the undermining of the Dictatorships."

How do they suppose that this passage will be read in Germany? Will it not be said that the leaders of the British trade union movement are conspiring for the overthrow of the Nazi regime, and if words have any meaning does not the General Council stand convicted on its own confession? Without laying oneself open to the accusation of being partial to the Nazi or Fascist form of government one may well ask: What business has the British T.U.C. to intervene? Let it think what it likes of the collapse of the old political parties and the methods by which the collapse was brought about. But so far as the ballot boxes were concerned the German trade unionists and the German

Socialists were consenting parties to their own destruction, and it is their business, and not that of the British T.U.C., to restore their position if they can. This famous passage, in which the General Council poses as taking an actively helping hand in undermining Nazism, will merely postpone the day of liberty for those described as "still languishing in concentration camps and prisons." Many members of the General Council have an incurable itch for meddling in politics, but they ought at least to confine their activities to the politics of their own country. We know their deep-seated suspicions of Fascism and we share their dislike. But they seem to have got it on the brain, till they see Fascists behind every tree and Fascism lurking even in the highly benevolent regulations of the Unemployment Assistance Act.

When it comes to Communism, every Communist in their eyes apparently is a good Communist unless he happens to be a British Communist, and then he is straightway an impious and pestilent heretic, because he challenges the T.U.C.'s sovereign authority. We can quite understand why the General Council feels compelled

ALLEGED FAILURE TO PAY FARE

Japanese Charged And Remanded

Baba Hatsutaro, aged 40, a Japanese, was this morning charged before Mr. W. Schofield at the Central Magistracy with failing to pay his rickshaw fare at Wanchai Road, with wilfully damaging the rickshaw and with behaving in an disorderly manner by shouting and jumping out of the prisoner's dock in the Wanchai Police Station.

Defendant was remanded till Thursday, bail of \$100 being allowed. The defendant in answer to the first charge said that the rickshaw coolie had stolen his purse, and therefore he could not pay him. On the second charge defendant said that he wanted to take the number of the rickshaw, and denied damaging it. He pleaded not guilty to the third charge.

ILLICIT OPIUM

Fine And Imprisonment For Fisherman

Leung Shui-ho, a fisherman and master of boat Class IV No. 3450, was this morning charged before Mr. W. Schofield at the Central Magistracy with possession of 545 taels of prepared opium and 236 taels of raw opium on board the boat in Aberdeen in Tin Wan Bay. Defendant pleaded guilty to the charges and was fined \$5,000, in default six months' imprisonment on each charge, and another six months on the first charge. The boat and the opium was ordered to be confiscated.

Sub-inspector Dredge said that on information received he went at 9 a.m. yesterday accompanied by a Chinese detective to a spot in Island Road and watched for a junk entering the harbour. When the junk was in shallow water they took a sampan and boarded it. The opium was found in the centre hold, done up in sacks and contained in the three tins.

EXPLANATION OF TO-DAY'S CARTOON

The Grandest Recognition

In the evening of April 30, 1917, the German submarine U 93 sighted what looked like a harmless sailing ship on the surface of the sea. The submarine proceeded to sink it, the crew apparently left the sinking vessel and the submarine approached to watch the destruction. As soon as the submarine came within range, a concealed crew on board of the sinking schooner opened fire, disabling the submarine. The schooner was the "Prize" commanded by Lieut. Com. W. E. Sanders.

The Commander of the "Prize" was awarded the Victoria Cross upon the recommendation of Baron von Spiegel, commander of the German submarine, who was captured. It is believed to be the only time that the highest British decoration was awarded on the recommendation of an enemy.

to tread very delicately when it comes to criticism of Moscow, and it offers no comment on the manifesto of the National Council of Labour while printing it in full. One passage in that document says that Russia's claim to work out its own salvation without interference should carry with it "the recognition that Labour movements elsewhere have the same right to claim similar immunity from foreign interference and organised disruption." That is a straightforward demand for the non-intervention of Moscow in British affairs with which we cordially agree. But it cuts at the very root of the General Council's participation in "underground activities" aimed at the "undermining of Dictatorships." Moderate opinion in England will gladly support the T.U.C. against both Fascism and Communism. Let it confine its intentions to home

quite understand why the General Council feels compelled to meddling abroad.

Here There and Everywhere

TELEVISION NOT TESTOTAL

For two reasons August 28 will long be remembered in the annals of the B.B.C. Officially it was not allowed because a party of visitors was allowed to inspect the new television headquarters at Alexandra Palace.

Equally memorable to experienced B.B.C. visitors, however, was the fact that for the first time on record, the refreshments provided were not testotal.

Broadcasting House is strictly "dry." No wines, spirits or beers are served in its restaurant or subterranean cafe.

But Alexandra Palace is apparently considered sufficiently remote for liquor to be produced on officially festive occasions without any deleterious effect on morale. It is understood, however, that Sir John Reith has no intention of applying for a licence for what in B.B.C. circles is known as "The Big House"—a phrase which has a different connotation in the New York underworld.

THE NEXT POPE?

The visit of Cardinal Pacelli, the Pope's Foreign Secretary, to various European capitals to discuss a campaign against Communism, is a new departure.

For special missions of this character the Holy See usually employs a prelate from the Papal Secretary's office.

It is unlikely that he will visit England, one reason being that although there is a British Minister at the Vatican, the Vatican has no diplomatic representative there.

A tall, slender man of 60, Cardinal Pacelli is widely regarded as the eventual successor of Pius XI. His heart has always been in pastoral work but he has been unable to secure release from diplomacy.

Your Daily Smile!

Seen and Not Heard
A visiting minister to a Sunday school was called upon to address the children. Thinking to be facetious, he asked this question: "What would you do before so many bright boys and girls, who expect a speech from you, if you had nothing to say?"
"To keep quiet," replied a small boy.

HEREDITARY CAUSES OF CANCER

EXPERIMENTS MADE BY SCIENTISTS

ADEQUATE PEDIGREES ARE HELD NEEDED TO GIVE PREDICTIONS

ABOUT 30 years ago Dr. Maud Slye, once secretary to the late Professor Harper of the University of Chicago, purchased some albino mice and started to breed them for the laudable scientific purpose of determining how their physical characteristics were passed on from generation to generation. Mendel's principle of heredity had just been rediscovered by Correns and Tschermak. A few years later the great Johannsen divined the mechanism of transmission and thus made it possible, within limits, to predict what would happen when different strains of animals and plants were crossed. It was not many years before Maud Slye had scientific genealogies of thousands of mice.

A quarter of a century ago Dr. Slye discovered the first signs of cancer in some of her mice. Here was a chance to determine whether the disease was hereditary. She was by no means the first to conceive the notion. But there had been very little systematic breeding. Certainly there was nothing like a thorough genetic study—that is, a study of the transmission of genes in those strains of mice which were afflicted.

New Theory

Twenty-three years ago Dr. Slye announced, on the strength of her pedigrees, that she was sure that cancer is hereditary and not infectious like measles or scarlet fever. More breedings. In 1933 she came out with this:

pected a speech from you, if you had nothing to say?"
"To keep quiet," replied a small boy.

Heard at the Hairdresser's
"I think the beauticians could get a better name for this apparatus than 'permanent wave machine.'"
"I agree with you. I think it should be called 'a short wave set.'"

Cancer involves a complexity which differs in only one gene from the complexity involved in susceptibility.

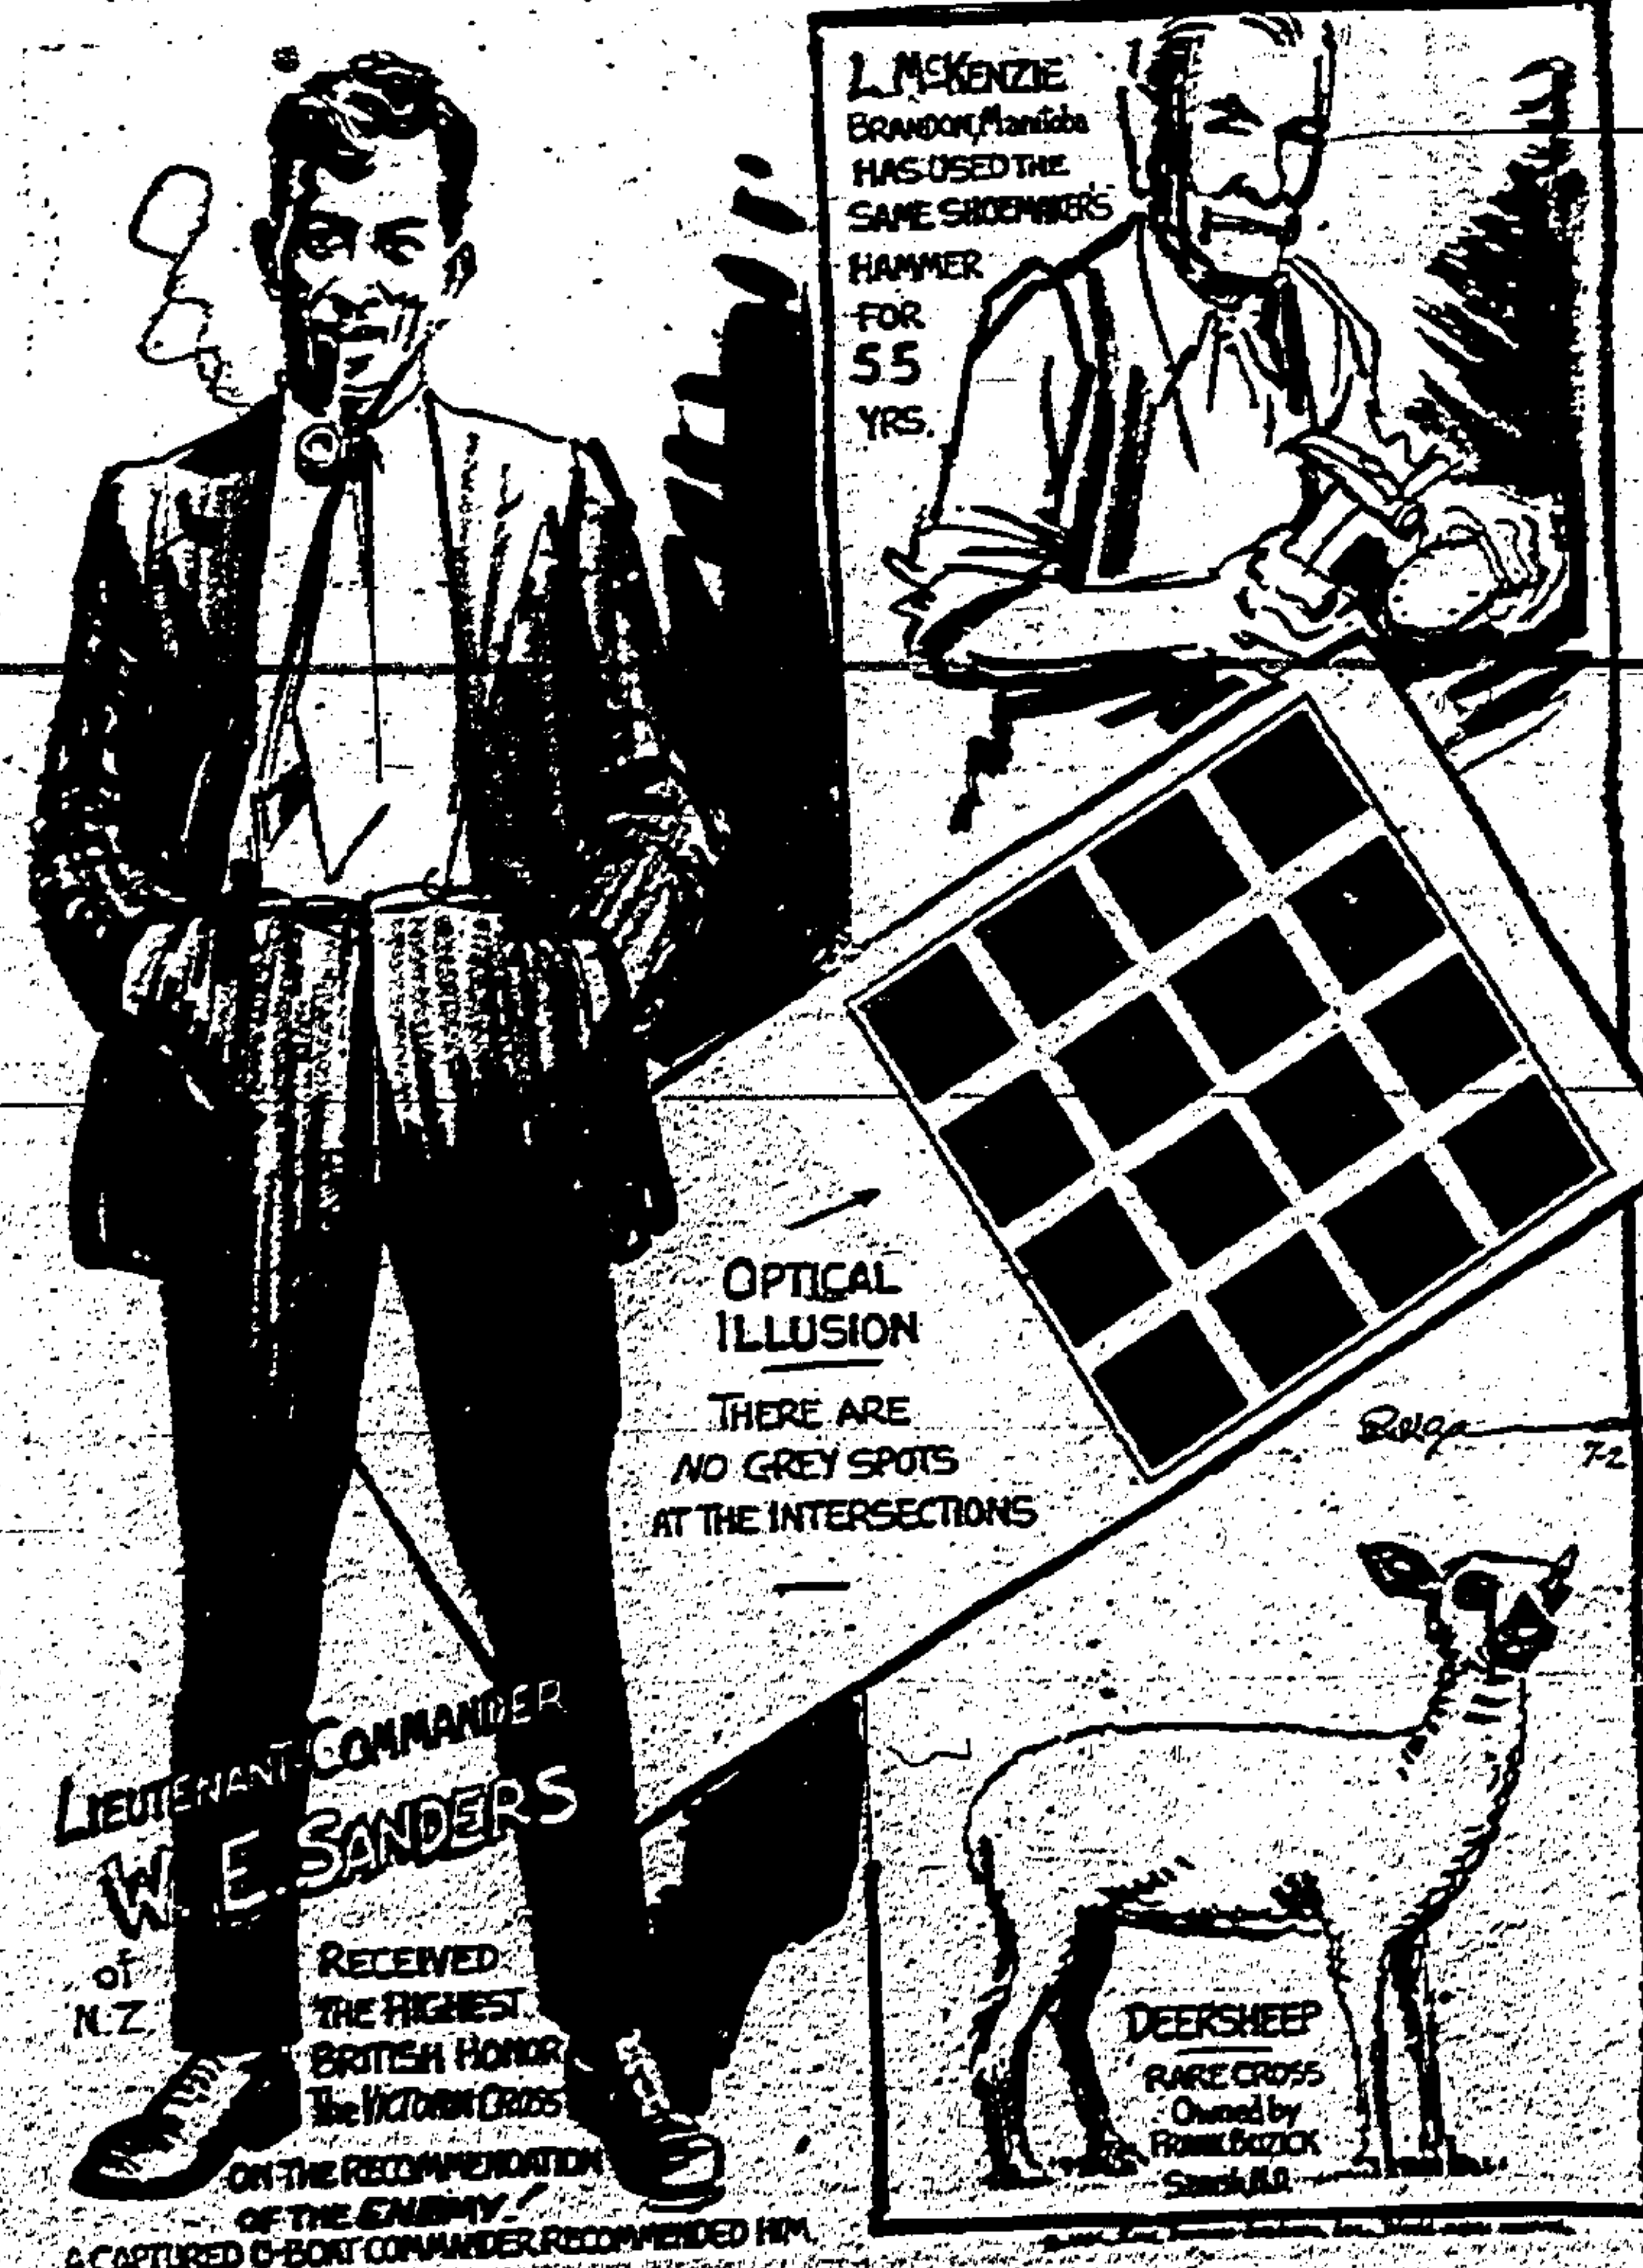

Now comes Dr. C. C. Little with denial and incredulity. He is a distinguished cancer researcher himself. In *The Journal of the American Medical Association* he admits that the tendency to cancer is hereditary, but holds that Dr. Slye's conception is wrong. "The process by which genetic uniformity is produced is one of rigid inbreeding of own brother to sister or progeny to parents," observes sceptical Dr. Little. "He calls attention to 'King's well-known work with in-bred selected strains' which 'proved the incorrectness of such assertions as that of Slye to the effect that 'continued in-breeding eliminates any strain'."

Non-Mendelian Inheritance
Dr. Little crossed pure-bred strains high in cancer with pure-bred low strains in various ways, studied the hybrids and reached the conclusion that Dr. Slye is wrong in concluding that all spontaneous cancer is brought about by a single recessive mendelian factor. He relies largely on "the presence of a large number of cases of cancer in the first generation hybrids."

He found that if a "high" strain of female is crossed with a "low" strain male, 39 per cent of the virgin female hybrids will have cancer of the breast. On the other hand, if a "low" strain female is crossed with a "high" strain male, only 6 per cent of the virgin female offspring will have cancer of the breast. "This type of inheritance is non-mendelian," concludes Dr. Little, "and is unique among animals. It follows the maternal line and definitely establishes the existence of genetic influences outside the chromo-

STUDYING THE WEATHER

Proposed Far Eastern Conference

INVITATION TO MEET IN HONG KONG

The following note is contributed by the Director of the Royal Observatory:

The science of meteorology owes much to international co-operation, and of late years the International Meteorological Organisation has laboured to promote uniformity of methods in the different meteorological services of the world. This organisation is governed by the International Meteorological Committee, and delegates different sections of its activities to various Commissions. At intervals of six years a Conference of Directors of the meteorological services of the world renews or modifies the mandates of the Commissions, and re-elects the International Meteorological Committee.

Although the term "International" is used, the constitution of the Committee and the Conference has been mainly European, and the venue of the Conference of Directors has been in Europe. Since the conclusion of the Great War, this Conference has been preceded by a Conference of British Empire Meteorologists in London, and the subsequent International Conference of Directors has consequently been representative of a much greater part of the globe than formerly.

Different Aspects

The Commissions concern themselves with different aspects of Meteorology and present reports to the Conference, thus greatly facilitating the labours of the Conference. Of late years it has become evident that some of the regions of the globe have problems which would be better placed before the Conference as the report of a Regional Commission. At the last International Conference of Directors, held at Warsaw in September 1935, two such regional commissions were suggested—one for Africa and one for the Far East. The latter was constituted on the motion of the Director of the Royal Observatory, Hong Kong, after consultation (at the Conference) with the meteorological representatives of Malaya, Manila, and Shanghai.

Mons. E. Bruzon, the Director of the Meteorological Service of Indo-China, was nominated President and the Directors of the following services as members: India, Ceylon, Malaya, Java, Siam, Hong Kong, Manila, China, Shanghai and Japan. Mons. Bruzon has entered upon his duties most enthusiastically and hopes to preside over a meeting of the Commission in early January 1937.

Hong Kong's Invitation

An initial difficulty has been the comparative inaccessibility of Hanoi as a meeting place, and the Government of Hong Kong will accordingly invite the Conference to meet in Hong Kong.

The advances in aviation and the extension of air-routes have thrown a considerable amount of extra work upon the professional meteorologist; a meteorological service must now issue forecasts for projected flights, and keep pilots advised of the weather conditions prevailing at their destinations while the planes are in flight. The means to be adopted for the safety of air-routes will probably be the principal consideration of the Commission at its first Conference, together with the co-ordination and improvement of the existing storm-warning services.

PEAT BOG ON BEACH

The removal by high tides of thousands of tons of sand on the beach near Abernethy, Carnarvonshire, has revealed a large area of peat bog, which was used by the inhabitants for fuel over 100 years ago.

This sum would be refunded, and it so was the French Government prepared to recoup itself from the Spanish gold now stored in France. Trans-Ocean Service.

Harry Richman, Broadway crooner, and Dick Merrill, noted transport pilot, are here shown at New York studying the map of the route for a successful trans-Atlantic flight to England and back.

LADIES' TENNIS TITLES

Entries Now Open For Colony Events

SINGLES AND DOUBLES

The United Services Recreation Club announce that entries are now open for the Colony Ladies' Open Singles and Doubles Lawn Tennis Championships, which are held annually under their auspices.

An entrance fee of \$5 will be charged for each event, and intending competitors are asked to send in their entry forms to Lieut. C. Ravenhill, Lawn Tennis Secretary, U.S.R.C., on or before October 19.

Mrs. N. Wilson, (U.S.R.C.) is the present holder of the Ladies' Singles title, having beaten Miss R. Hancock (U.S.R.C.) in the Final last year, while Mrs. Wilson and Miss Hancock are the Doubles holders, having won in the 1935 Final from Mrs. J. F. F. Kayll (U.S.R.C.) and Mrs. W. E. B. Dowling (U.S.R.C.).

The draw for the two championships, which may be seeded at the discretion of the Tennis Sub-Committee of the U.S.R.C., will take place on October 22, at 6.30 p.m. at the U.S.R.C.

The First Round and Eyes shall be played off on or before November 9. The Second and Third Rounds shall be played off before November 23.

The Tennis Sub-Committee of the U.S.R.C. may extend the time limit if they think fit on account of bad weather, or other unforeseen occurrences, otherwise players will be scratched if they have not played their games by the date stated. The semi-finals shall be played on the U.S.R.C. ground on Saturday, December 5, at 3.00 p.m. and the Finals on Saturday December 12, commencing at 3.00 p.m.

BI-ANNUAL GOLF MATCH

H. Valley And Kowloon Teams Selected

RIVAL CLAIMS

Hendaye: The insurgents are rapidly applying a stranglehold on Madrid, according to the headquarters at Burgos, which claim that the Nationalists north of Toledo are within six miles of the Madrid-Alicante Railway, the capital's only remaining outlet.

Madrid: The anxious population was partly reassured by last night's communique, stating that the Government forces defeated an insurgent attack at Naval Peral. On the fringe of the Guadarrama Mountains, while a Barcelona message states that a communique claims that the insurgent aerodrome north of Huesca was captured by the Government forces, which continue to bombard Huesca daily.—Reuter.

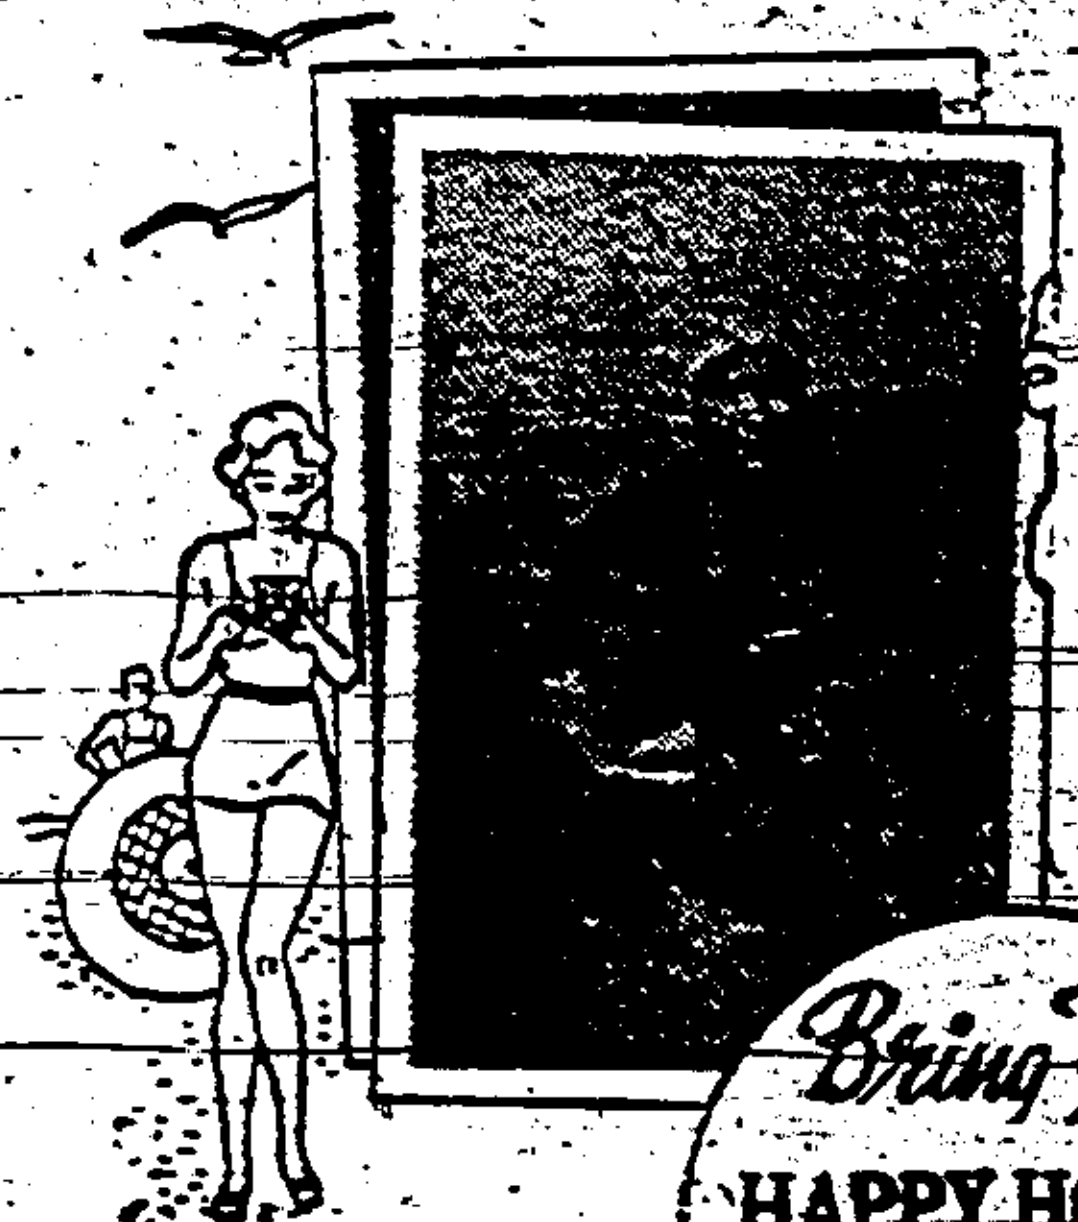

NATIONALIST ATTITUDE

Rome: The attitude of the Spanish Nationalist Government in Burgos, to international politics was discussed in an interview yesterday with the special correspondent of the Turin paper Stampa. The Nationalist Foreign Minister, Senor Yanguas, who already under General Primo de Rivera occupied the Foreign Ministry, stated that the Nationalist Government was in no hurry to be recognised by foreign States. The Nationalist Government seeks to pacify and restore order to Spain, and does not wish to embarrass the foreign Governments that have recognised the Madrid Government as the only lawful representative of Spain, in conformity with conditions which will not be changed until peace has been assured.

It is reported that it was Senor Yanguas who persuaded the Spanish Government in 1923 to resign from the League—Trans-Ocean Service.

FRANCE COUNTS THE COST

Paris: The Minister of Finance, M. Vincent Auriol, was asked in the Chamber yesterday how much it cost the French Government to support the Reds who had taken refuge in France. Attention was drawn to the fact that in the Government Gazette it was stated that the outlay already amounted to 3,000,000 francs. The French Government was then asked whether it had received the assurance of the Madrid Government that

NEW YORK WAR ON SPEEDING

Fines Up To £100 And Imprisonment

New York—Very severe penalties for speeding are contained in drastic motorist laws which came into force in New York City last month.

Alarmed at the ever-growing number of street accidents—3,180 persons were killed in the United States in July—the authorities have decided to wage a ruthless campaign against fast drivers.

Under the new laws the minimum penalty for a first offence is a \$5 fine and the maximum a \$20 fine and 15 days' imprisonment. For a second offence the minimum is a \$10 fine and the maximum \$20 plus 30 days' imprisonment. For a third offence the minimum is a \$20 fine and the maximum a \$100 fine and 60 days' imprisonment.

The motor-cycle police have been ordered to keep a sharper look-out for offenders and have been promised the fullest co-operation from the courts in the sentencing of those found guilty.

The speed limit in New York State is 40 m.p.h. and from now on this will be rigorously enforced.

**Feeling "Run Down?"**

Just suppose that right now you were talking to a physician.

YOU would have to confess to him that somehow you seem to tire very quickly nowadays; that your energy is gone and that now and then you feel jumpy and irritated.

"My dear man!" he would no doubt say, "look at the symptoms logically. Yours is a clear case of strained nerves. We need not go into how you got that way. The climate, hard and nervous work, late nights, they can all be to blame—but you want to know how to become your old self again. Why not start taking Sanatogen—it's really great stuff! It's made just for people like you, and I know from long experience that it will do you a lot of good. You have asked too much from your nerves, and with Sanatogen you replace the lost energy quickly."

Over 25,000 physicians are of the opinion that taking Sanatogen is the easy and logical way back to real health and vitality. Why not give Sanatogen a

Amusements**Cinema Notes From The Theatres****"THE BRIDE WALKS OUT"**
—QUEEN'S THEATRE

The story deals with the trials and tribulations of a pair of newly-weds, portrayed by Miss Stanwyck and Gene Raymond, who try to limit their expensive house-keeping ideas to a \$35 a week budget, while they endure the blandishments of a carefree young millionaire, enacted by Robert Young, aimed at breaking up their scrappy home.

Revealing more difficulties in trying to balance their budget than the Government ever dreamed of, the tale whirls dizzily from one comedy situation to another and winds up with a grand old-fashioned chase and a fight that lands the belligerent Mr. Raymond in jail.

The Titian-headed Miss Stanwyck, as the pleasure-loving bride, displays brilliant ability as a comedienne. And her performance is all the more brilliant for the competition she has at the hands of such accomplished farceurs as Messrs. Raymond and Young, and Ned Sparks and Helen Broderick, who as a long and bitterly-married couple provide much of the mirthful background of the film.

Raymond's portrayal tops his recent performance in "Love on a Bet" both for comedy and for colourful character delineation. And Young is ideally cast as his champagne-loving rival whose attentions to Miss Stanwyck bring about many of the film's more vivid moments.

"COME OUT OF THE PANTRY"
—STAR THEATRE

One of the brightest little scenes in "Brewster's Millions" was a burlesque of Bing Crosby by Jack Buchanan. In "Come out of the Pantry," his latest British and Dominion film, Jack follows this up with an even more delightful parody of Fred Astaire.

This is how it happens: Ethel Stewart, who plays parlour-maid to Buchanan's footman, is complaining to Jack in the kitchen that she wished they could dance like Fred Astaire and Ginger Rogers.

"Why shouldn't we?" replies Jack. "Let's try," and away they go, dancing over chairs and tables and among pots and pans in a glorious burlesque of the American dance team.

The music of the dance—called "From One Minute to Another"—was written by Sigler, Hoffman and Goodhart, who have registered so many successes recently, and the trio have written

with Jack—sings, called "Every-thing Stops for Tea."

The musical director for the film is Harry Perrett, who has been associated with Buchanan for a long time in films and on the stage.

"POOR LITTLE RICH GIRL"
—ALHAMBRA THEATRE

Broadway lost another of its favourite sons during the production of "Poor Little Rich Girl," Shirley Temple's new Fox hit, when Jack Haley, the hilarious comedian, announced that he planned to make California his permanent residence.

Haley, whose roaming eyes and general expression of coy futility for years made him one of Broadway's most popular comedians, now plants to devote himself exclusively to a screen career. Haley has been in films for the past two or three years, but he has alternated his screen appearances with stage productions.

Jack started out after graduating from high school, to become an electrician. However, he was constantly getting his wires crossed and being shocked, so he went to New York to look for a stage career. In a short time, the erstwhile apprentice electrician was playing leading roles in musical comedies and making more in a week on the stage than he could in a year connecting electrical fixtures.

Haley was featured in "Good News," "Follow Thru," "Take a Chance" and many other stage hits. His reputation spread to Hollywood and he was soon en route to the movie city.

Upon completion of his part in "Poor Little Rich Girl," in which he is featured with Alice Faye and Gloria Stuart in the cast supporting Shirley Temple, Haley announced that henceforth he would confine himself to a screen career.

"EARLY TO BED"—ORIENTAL THEATRE

Mary Boland and Charlie Ruggles make a sanatorium and rest home their honeymoon spot in their latest riot-farce "Early to Bed."

The veterans of many hit comedies are cast as a couple who marry after an engagement of 20 years, and set out immediately on a trip which brings one ludicrous situation after another.

Charlie appears as mouse-like Chester Beatty, an employee of 26 years, standing with the Matchless Eye Co. manufacturers of a dozen types of glass eyes. Mary, as Tessie Weeks, is the girl whom

he has courted for two decades.

Despite Tessie's desire to see Niagara Falls, cherished for 20 years, Chester, fired with ambition to land the world biggest glass-eye order, heads for the sanatorium. He knows Horace Stanton, maker of sextuplet dolls, is spending a vacation there.

Complications begin immediately at Lake Okauchakaboo Lodge. A jewel robbery and a murder follow, with Chester suspected as a Sleep-walker "Tiger Man" by night!

"THE GHOST GOES WEST"
—KING'S THEATRE

A new type of ghost makes his debut in the person of handsome Robert Donat in "The Ghost Goes West." Alexander Korda's gay new romantic comedy in which Jean Parker and Eugene Pallette are featured in Donat's support.

The story was originally written by Eric Keown for London "Punch" and presents Donat as charming and attractive spirit who hates frightening people and retains an eye for feminine beauty. Donat also plays Donald Clourie, the young heir to the haunted castle, who sells it to an American millionaire, named Martin, who has the edifice razed and transported to America stone by stone. Unknown to Donald, the ghost goes along.

A series of side-splitting situations develop when the ghost turns up on the trans-Atlantic liner and all his antics are credited to Donald, whom he closely resembles. The film reaches a surprise comedy climax at the reception which Martin holds in the restored and modernised castle to publicise his line of Martin's Fine Food, and introduce the ghost to the press.

The love interest is provided by the romance which develops between Donald and Martin's pretty daughter, Peggy, played by Jean Parker. Eugene Pallette plays Martin.

"SONG AND DANCE MAN"
—MAJESTIC THEATRE

The modernised version of George M. Cohan's famous stage success, "Song and Dance Man," features new songs, new laughs and news pathos, and present Claire Trevor, Paul Kelly and Michael Whalen in the leading roles.

Recognised by theatre-goers as the greatest story of theatrical life ever written, "Song and Dance Man" is the drama of the quiet

Keeping thoroughly abreast of the times, the Canadian Pacific Railway is putting into commission four semi-streamlined lightweight trains which will operate on the day runs between Montreal and Quebec, Toronto and Detroit, and Edmonton and Calgary. At present these deluxe trains are on tour for public inspection in Ontario, Quebec, and Western Canada, where they

will be seen by many thousands of residents.

Economical in operation, and approximately only half the weight of a regular standard train of the same equipment, the trains, which consist of the Jubilee 4-4-4 type locomotive (3000 class) mail and express car, baggage and buffet car and two first class coaches, mark a distinct

forward movement in modern transportation in Canada. Thoroughly air-conditioned, the cars at all times are supplied with clean fresh air and will be found comfortably warm in winter, and pleasantly cool in summer. In the pictures above are shown the new train, and parts of the first class coach, buffet car and ladies lounge.

MR. L. NAGEL'S DEPARTURE

To Open Office In Calcutta

FAREWELL FUNCTION

The departure of Mr. Lee Nagel to India by the a.s. Hosang next Thursday afternoon means a further expansion of the activities of "Tommy" Cowan, the Australian white-ant expert, who established his headquarters for the Far East in the Colony last May.

Mr. Nagel, who will be accompanied by Mrs. Nagel and their three children, was for four years sales supervisor in the motor department of Messrs. Gilman and Company, Limited. He has been in and out of the Colony for a period of over 19 years.

It was after meeting "Tommy" Cowan at the Seventh Day Adventist Church, of which they both are firm supporters, that Mr. Nagel, sensing a good prospect in the business of exterminating white-ants, decided to give up his post in Gilman's.

According to his plans, Mr. Nagel intends first to open an office in Calcutta.

To-morrow evening, Mr. Nagel and his family will be entertained at a farewell party to be given by members of the Seventh Day Adventist Church.

ECHO TO WANCHAI RAID

Many People Released In Court

OVER \$2,000 BAIL REFUNDED

Following extensive Police enquiries, about 21 persons who were arrested among several others at a meeting of Chinese in premises at the junction of Gloucester and O'Brien Roads on the night of September 18, were cleared of all suspicion of Communist activities, and were refunded their bail at the Central Magistracy.

About 85 persons had been arrested on suspicion. Some of those arrested were released soon afterwards, but others were allowed out on bail, in sums varying from \$50 to \$300.

It was believed that Communist literature had been discovered on the premises at the time of the raid, and that Communist elements were present. Certain Government servants, mostly clerks, were stated to be among the 85 people apprehended and among the 30 or so allowed out on bail for investigation.

Some Still Detained

It cannot be ascertained how many are still under Police surveillance, but about 21 were refunded their bail money yesterday at the Central Magistracy, the total so refunded being over \$2,000. These persons have been cleared of all suspicion in the affair, and among them were a few Government servants.

Although they were bailed in the Central Magistracy, they were not charged, and what will be done with the few still under Police surveillance is not known.

HEREDITARY CAUSES OF CANCER

(Continued from Page 4)

Mathematician Needed

This whole question could be settled, strange to say, by a first-class mathematician. Some one ought to hire Dr. Felix Bernstein of Columbia—the Bernstein who did such fine work in relating blood groupings to race—and get at the truth. Bernstein took the records of Loeb, a pioneer in this field of cancer heredity, and showed that the conclusions to be drawn from them are precisely the same as Dr. Slye's—much to Loeb's astonishment. Bernstein has also analysed Dr. Slye's records and finds nothing wrong with her deductions.

The question, presented as of the highest importance. With adequate pedigrees to guide us it may be possible to predict how cancer is inherited in human beings, which in turn means the possible prohibition of some marriages on eugenic grounds.

BAND LEADER FINED

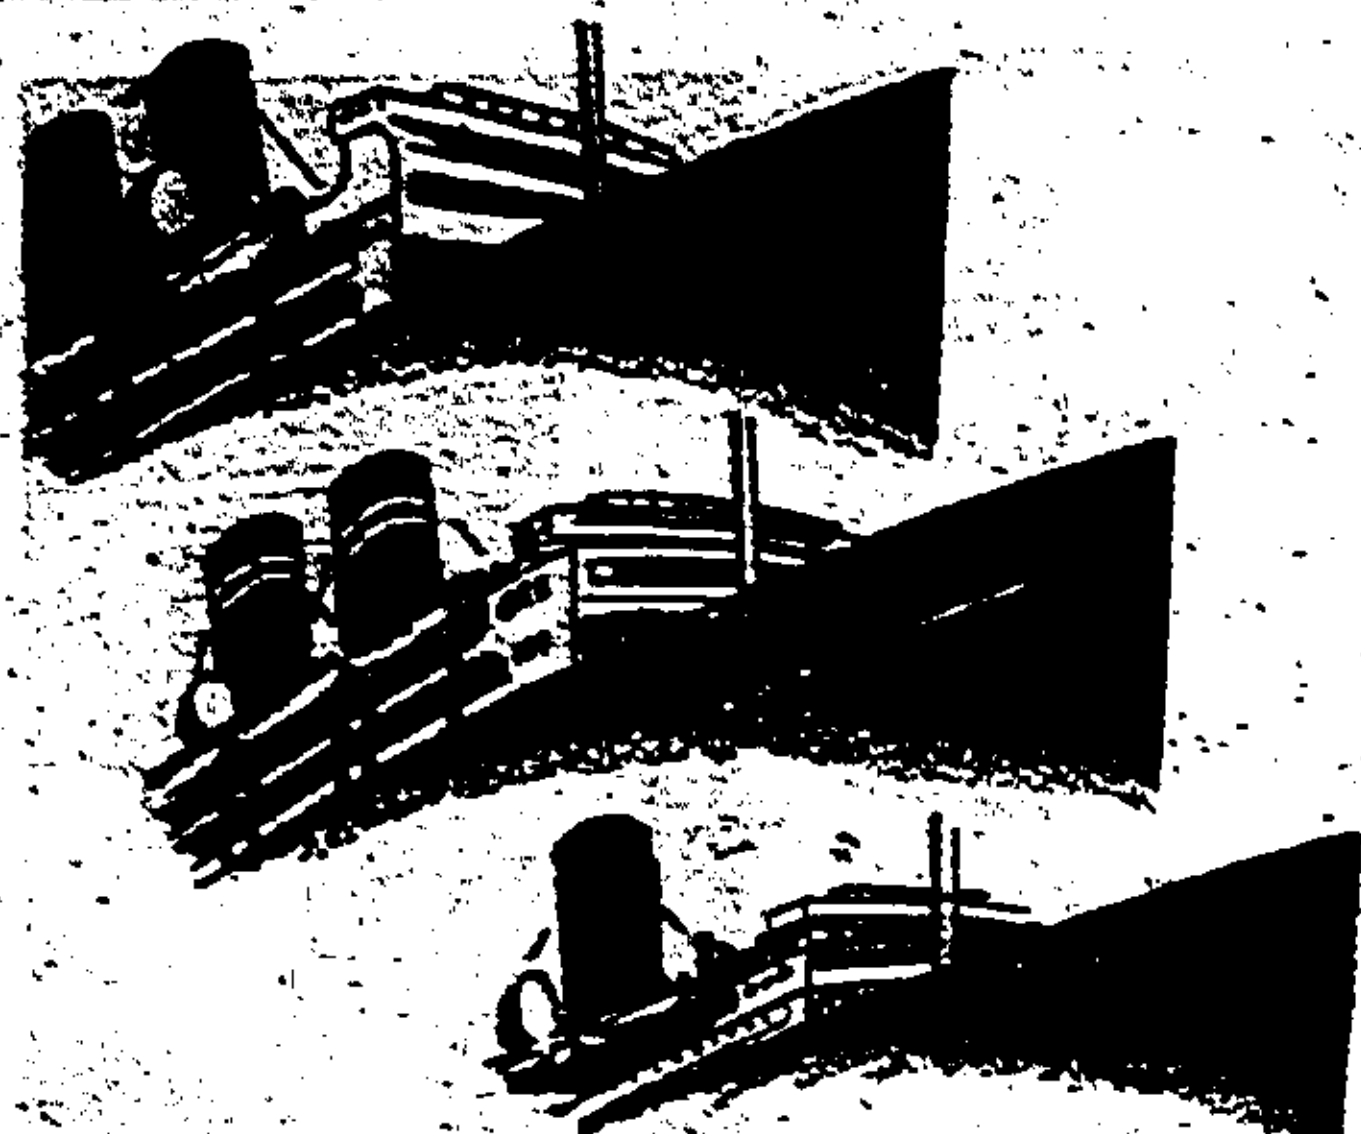

Excitement Led To False Statement

A joint fine of £40 was imposed at Dover police court last month on Emilio Colombo, and Regina Colombo, his wife, of Alexander-mansions, W.C., for being knowingly concerned in a fraudulent attempt to evade customs duty on a cine camera.

Mr. Colombo described himself as the proprietor of Colombo's bands and various orchestras which play at London hotels and restaurants.

It was alleged that on arrival at Dover from Ostend Mr. and Mrs. Colombo were asked about the camera. They said they had had it about two years and that it had been brought into the country before. Subsequently Mr. Colombo stated that he bought the camera three weeks before in Berlin and was told it was not necessary to pay duty on it.

Mr. Colombo, giving evidence, stated that when he said he had had the camera two years he was excited and wanted to get away to keep an appointment.

NOTICE TO CONSIGNEES

Motor Vessel
"TERGESTEA"
From TRIESTE, VENICE, BRINDISI, SPILT, PORT SAID, MASSAUA, ADEY, KARACHEE, BOMBAY, COLOMBO, & SINGAPORE.

CONSIGNEES of Cargo are hereby informed that all Goods are being landed at their risk into the Godowns of the Hong Kong and Kowloon Wharf & Godown Company, Ltd. at Kowloon, whence and/or from the wharves delivery may be obtained. Optional cargo will not be landed here, unless notice has been given 48 hours prior to vessel's arrival, but carried on from port to port to the final port of call to which the option extends.

No claims will be admitted after the Goods have left the Godown, and all Goods remaining undelivered after the 12th inst. will be subject to sale. All claims against the vessel must be presented to the undersigned on or before the 21st inst. or they will not be recognized.

All broken, chafed, and damaged Goods are to be left in the Godowns, where they will be examined on the 12th inst. at 10 a.m. p.m. by our surveyors Messrs. Goddard & Douglas, in the presence of Consignees concerned.

In the case of dutiable cargo, consignees are requested to inform the Imports and Exports Office that they have such goods for examination.

No Fire Insurance has been effected. Bill of Lading will be countersigned by

LABOUR PARTY CONGRESS

Important Questions To Be Faced

DISARMAMENT AND NON-INTERVENTION IN SPAIN

Edinburgh, To-day.
The British Labour Party will have to define its attitude on such important questions as the Government's rearmament policy and also its policy of non-intervention in Spain at the Congress, which has opened here.

There was an immediate repercussion of Sunday's East-end rioting. Mr. Herbert Morrison moved a resolution which was carried unanimously, calling on the Government to institute an immediate enquiry into the recent disturbances and the activities and finance of the Fascist organisation.

The Spanish question was reached in the afternoon, when the conference debated a resolution of the Labour Party executive, amounting to a request that the conference should subscribe to the policy of non-intervention. The resolution was carried on a card-vote by 1,836,000 for and 519,000 against.—Reuter.

UNEMPLOYMENT IN BRITAIN

Seasonal Rises Shown

London, To-day.
The seasonal decline in employment in the hotel and boarding-house service and in the distributive trades and building industry, as well as an increase in the number temporarily laid off in coal-mining, in all amounting to over 34,000, explains the rise 10,399 in the total numbers of unemployed last month compared with August.

The Ministry of Labour estimated that at September 21 there were approximately 10,966, 000 insured persons aged 16 to 64 in employment in Great Britain. This was 5,000 more than the month before and 488,000 more than the year before.

At the same date the numbers of registered unemployed totalled 1,624,339, comprising 1,322,934 wholly unemployed, 232,122 temporarily laid off and 69,283 normally in casual employment. This was 10,399 more than at August 24, but 334,271 less than at September 22, 1935.—British Wireless Service.

NATIONAL DEFENCE SCHEME DRAWN UP

(Continued from Page 1)

tive of the Mayor of Greater Shanghai, Mr. Chou Yuk, the representative of the Chinese Foreign Office, and a number of Japanese military and naval officials. Mr. Kuwashima gave no interview either to Chinese or foreign reporters.

He held a conference with Mr. Tamiya, the Japanese Consul-General at Shanghai, General Kita, the Japanese Military Attaché, and Captain Satoh, the Japanese Naval Attaché, and a number of high Japanese officials at Shanghai.

It is definitely learned that Mr. Kuwashima will go to Nanking this morning by the Nanking-Shanghai Railway express to convey the fresh Japanese instructions to Mr. Kawagoe. It is stated that Mr. Kuwashima will probably not interview Chinese officials himself.

IMPORTANT DEVELOPMENTS

Shanghai: With the return of Generalissimo Chiang Kai-shek to Nanking last evening and the arrival of the capital this morning of Mr. Kuwashima important developments in Sino-Japanese relations are forecast by the Chinese press. The Generalissimo spent a busy day following his arrival at Nanking, receiving the various reports from high Government officials.

Meanwhile the press is giving prominence to a report from Canton stating that General Pai Chung-hai is flying from Kwelling to Nanking on October 10 for the purpose of conferring with Generalissimo Chiang on the national defence plans.—Reuter.

POSTAGE

FOREIGNERS IN FRANCE

Behaviour Strongly Criticised

STIRRING UP TROUBLE

"CHINA MAIL" SPECIAL

Paris, To-day.
A powerful indictment of the behaviour of foreigners residing in France was published yesterday under the heading "The Undesirables" in the *Echo de Paris*. The author is the well-known member of the French Academy, M. Edmond Jaloux, who complains that among the political refugees in France there are some that preach world revolution, while others are inciting hatred of their own countries. M. Jaloux goes on to say:

"If we want peace then it is not good that so many Italians who have fled from Italy and so many Germans who have been expelled from Germany should unceasingly seek to excite the masses of the French people against the Italian and German Governments. We have even seen foreigners in France demanding that France should declare war on Germany in order to liberate her of Chancellor Hitler. This point of view is all the more surprising, in view of the increasing and visibly growing enthusiasm for the Fuehrer in Germany."

"It is inadmissible that foreigners in France should not be forbidden to mix themselves up with our politics and to commit acts contrary to the French interests." —Trans-Ocean Service.

JARROW MARCH ON LONDON

Petition To House Of Commons

PRAYING FOR MEASURES TO PROVIDE EMPLOYMENT

London, To-day.
A town's Reputation, composed of 200 unemployed and organised with the approval of all the parties on the local Council, left Jarrow, Durham, yesterday to march to London carrying a petition to the House of Commons, with 11,572 signatures, praying for measures to provide employment in the town. The object of the march is to draw attention to the plight of the town, which has one of the highest percentages of unemployment in the whole country and recently suffered a blow to the hopes of the alleviation of its distress aroused by the plans for a steel works, which were later cancelled owing to the rationalisation schemes within the steel industry itself.

The Bishop of Jarrow pronounced a blessing on the marchers before their departure, and they were urged by the Mayor to maintain the credit of the town which they represented by their conduct in London and en route. —British Wireless Service.

ROAD SURFACES AT HOME

Many Experiments Proceeding

London, To-day.
More than 60 experiments have been begun by the Roads Department of the Ministry of Transport under the guidance of a technical committee, with the object of finding the best materials for construction and the surface treatment of roads. These experiments relate to the use of the best colour for road surfaces from the point of view of night driving, to the durability of various forms of top dressings, and to the problem of skidding. They are being carried out in various parts of the country.—British Wireless Service.

NEW MINISTRY IN HUNGARY

RAILWAY TRAFFIC FIGURES

Increases Shown In England

London, To-day.

The railway traffic figures, published yesterday, show that passenger journeys made on the British railways during the first six months of the year, but excluding season-ticket holders, increased, compared with the corresponding period of last year, by 23,469,678 or 3 per cent. For freight the figures relate to 28 weeks ended on July 11, and show an increase, compared with the corresponding period of 1935, of 6,138,509 tons or 4 per cent.—British Wireless Service.
